TRIHYDRO CORPORATION OPENS NEW OFFICE IN CHEYENNE, WYOMING

(LARAMIE, WYOMING)---Trihydro Corporation, an environmental and engineering consulting firm headquartered in Laramie, Wyoming announces the opening of its new Cheyenne office. The new facility will allow Trihydro to further enhance its ability to provide quality environmental and engineering services and exceptional customer service to its long-standing clients in the tri-state region. The Cheyenne office is now the 12th Trihydro office in the United States.

“We are proud of this expansion because it is an integral part of our corporate commitment to our clients,” stated Jack Bedessem, President of Trihydro. “Trihydro looks forward to the opportunity to better serve our clients and expand our services in the dynamic tri-state region.”

About Trihydro Corporation

Trihydro Corporation is an environmental and engineering consulting firm providing services across a broad spectrum of disciplines including hydrogeology, engineering, geotechnical, chemistry, regulatory compliance and toxicology. The company was founded in 1984 in Laramie, Wyoming and has grown into a successful, dynamic firm of over 150 professionals and support staff with twelve offices located throughout the US. Trihydro serves a diverse clientele, and has supported commercial, industrial, and government agencies throughout the United States and internationally.
